1. How does my prayer life compare to that of the early church? What elements of their prayer life would I like to include more of in mine?
2. What are some benefits of using Scripture as prayer? Are there common ones you use which you can share with the group?
3. Can we ever pray for protection? If so when is it appropriate? What kind of protection should we pray for? What if it is not given?
4. The people of Living Hope are a generous group. What precautions can we adopt to encourage continued generosity in Jesus' name?
5. If we are honest with ourselves, what motives or things do we as a church need to be aware, and ask for forgiveness of so that we are integral as the church of Christ? What about my own life?
